Who are the Ninety-Nines ?

The 99s is an organization of women from around the globe who have achieved the status of Pilot. Founded in 1929 by 99 women pilots feeling the need to network and join forces, the 99s are represented by Chapters throughout the United States and Canada, and Sections in other countries. We fly airplanes, balloons, gliders, helicopters, airships, and even the space shuttle! We fly professionally, competitively, in the military, in humanitarian service, and, of course, for fun and recreation. From student pilots to airline transport pilots, the Ninety-Nines is the organization for Today's Woman Pilot.
